ADULT SOFTBALL ILLEGAL BAT LIST

Please review this list to ensure that your team is not using any of these softball bats in City Leagues. If there is a bat that you think may be illegal that is not on the list and you would like it to be reviewed, email me with the bat make & model and I will review it. **Bats may be added to this list at any time during the season.** If a bat is added, I will post the new updated list on the website.
The player who uses an illegal bat will be ejected from the game. If a team receives a second violation, they will be removed from the league for the remainder of the season.

City of Santa Cruz Bat Ban

ANY BAT THAT IS COMPOSITE OR DOUBLE-WALLED IS ILLEGAL. Bat terminology and verbiage is changing every day. The best way to determine if a bat is legal is to call the sports office. Listed are some key words that normally indicate that a bat is not suitable for our leagues: Multi-wall, variable wall, shell titanium/titanium alloy, carbon composites, composite handle, BPF exceeds "1.2." Bats that are not perfectly cylindrical or that have visible dents, cracks, or burrs are illegal. **Wood bats are also not allowed.** The list below is subject to change since the manufacturers are constantly changing the model names and specifications**.**

The following list contains bats that have been reviewed and are ILLEGAL. ANY bat that is composite or double-walled that is not listed below is also ILLEGAL:
