City of Santa Cruz
100 Greywater Systems Challenge
2013 Rebate Program

The rebate amount is **$150**. This offer is good through **September 30, 2013**, or until funds are depleted, whichever comes first.

Rebate Eligibility Requirements

- Participants must attend a 100 Greywater Systems Challenge workshop by the Central Coast Greywater Alliance.
- Participants must have installed their laundry to landscape greywater system by September 30, 2013.
- The property must be at a location served by the City of Santa Cruz Water Department.
- An on-site inspection by a representative of the Water Department will be required to verify installation before a rebate is paid.
- Rebate applicants must have an original receipt showing proof of purchase of a greywater installation kit.
- City residents must submit a Clothes Washer Graywater Systems Installation and Maintenance Agreement Form to the City of Santa Cruz Public Works Department. The form can be found at www.cityofsantacruz.com/greywater

Procedure

1. Attend one of the 100 Greywater Systems Challenge workshops presented by the Central Coast Greywater Alliance.
2. Purchase your greywater installation kit and install your laundry to landscape greywater system.
3. Call the Water Conservation Office at (831) 420-5230 to set up a site visit to verify installation of your greywater system.
4. Complete this rebate application form and attach the **original** sales receipt for the greywater installation kit. Return to the City of Santa Cruz Water Conservation Office for processing.
5. City of Santa Cruz residents only: Submit a Clothes Washer Graywater Systems Installation and Maintenance Agreement Form to the City of Santa Cruz Public Works Department. The form can be found at www.cityofsantacruz.com/greywater
6. Allow four weeks from the date the application was received to obtain your rebate.

This program provides financial assistance to customers installing laundry to landscape greywater systems in their home. Installation of the system is the sole responsibility of the applicant, as is the determination of the adequacy and compatibility of their existing plumbing system. The City assumes no responsibility or liability for any damage that may occur to an applicant's property as a result of participation in the rebate program. Due to circumstances beyond its control, the City of Santa Cruz Water Department cannot guarantee that installation of water conserving fixture(s) will result in lower utility costs.
