

# Beach Safety

We appreciate your concern about the safety of our beaches and parks. We want to assure you that the Parks and Recreation Department has the safety and cleanliness of these facilities as a major priority. In order to address those concerns we continue to: provide daily machine and hand cleaning, sifting and raking of the beach, have the beach closed from midnight to an hour before sunrise, increased SC Police Department and private security patrols, and work with various community groups who have volunteered to help keep us keep the beach clean. We will continue to monitor the beach and make adjustments to ensure our beaches are clean and safe for both the community and visitors.

**If you have specific questions please contact Carol Scurich, Recreation Superintendent at the Parks & Recreation Office at (831) 420-5270.**
