SANTA CRUZ PLANNING DEPARTMENT SEEKS PUBLIC INPUT

SANTA CRUZ (September 11, 2018) - The City of Santa Cruz Department of Planning and Community Development will hold a Community Meeting on proposed updates to Accessory Dwelling Unit (ADU) regulations on Thursday, September 27, 2018. The meeting will begin at 6:00 P.M. in the Community Room of the Police Station, located at 155 Center St. Street, Santa Cruz.

The Planning Department has developed a draft set of policies for ADUs based on public feedback provided during the 2017 Housing Blueprint process, and Community Meetings held on May 15 and July 17 of this year. The September 27 meeting will focus on changes intended to facilitate the development of more ADUs in Santa Cruz, as one tool to address the City's housing shortage.

The meeting is expected to last approximately two hours, and will include a presentation followed by discussion. For more information, please contact Sarah Neuse at the City Planning Department at (831) 420.5092.
